illuminazione

## il rilegato per eccellenza dal 1972

### L'emozione che nasce dal prestigio di una grande tradizione

In una terra come il Veneto, che ha fatto della maestria artigiana un vanto ed un segno della propria identità storica, l'arte vetraria viene considerata fra le punte più alte nella produzione di manufatti di eccellenza. Ed è proprio qui, in questa terra di abili interpreti della tradizione, che Cremasco esegue i suoi capolavori: oltre trentacinque anni di impegno e passione, che hanno visto venire alla luce più di tremila creazioni, nel segno di uno stile inimitabile e ormai celebre ovunque in Europa.

Selezionando con cura materiali preziosi, Cremasco realizza articoli di illuminazione in Rilegato di alto valore. Opere prestigiose, in cui ogni dettaglio viene definito alla perfezione e ogni singola lavorazione è sempre, esclusivamente Made in Italy.

Oggi, Cremasco guarda al futuro con una produzione orientata sia al classico che al moderno. Ed è pronta a soddisfare con dinamismo i desideri del pubblico più esigente: non solo in fatto di superiore qualità Made in Italy, ma anche con una costante attenzione verso l'evoluzione stilistica delle proprie creazioni. Per regalare emozioni nuove ed antiche, al tempo stesso.

### Expertly framing light since 1972

#### Emotion created from a highly-esteemed tradition

In a region as Veneto, who has made skilled crafting a source of pride and a historical identity, the art of glassmaking is considered one of the most highly-skilled professions. And it is here, in a region of expert interpreters of tradition, that Cremasco produces its creations: with over thirty years of commitment and passion, years in which over three thousand products have been developed, offering an unmistakable and acknowledged style all across Europe.

By carefully selecting precious materials Cremasco creates superior quality framed lighting solutions. Prestigious works with meticulous care to detail, and each single process is exclusively and always Made in Italy.

Today, Cremasco looks ahead to the future by offering a selection both classic and contemporary. And this company knows how to satisfy even the most demanding markets: not only in terms of superior quality Made in Italy, but also in terms of ongoing research into product style and design evolution. Focused on offering new and past emotions at the same time.

### эсклюзивное стекло в оправе с 1972 года

#### Эмоции, рождающиеся от престижа великой традиции

На такой земле, как регион Венето, сделавшей из мастерства ремесленного дела мотив для гордости и отличительный знак своей исторической индивидуальности, искусство стеклодутия считается одним из самых важных видов производства эксклюзивных изделий. Именно здесь, на этой земле искусных толкователей традиции, Cremasco создаёт свои шедевры: более тридцати пяти лет усидчивой работы и пристрастия, за которые родились более трёх тысяч произведений, под знаком стиля, неподражаемого и уже известного по всей Европе.

Тщательно отбирая ценные материалы, Cremasco создаёт осветительные приборы из высококачественного стекла в оправе. Prestigious произведения, где каждая деталь определяется идеально, и все виды отделки - всегда исключительно "Made in Italy".

Сегодня компания Cremasco смотрит в будущее, ориентируя своё производство как на классику, на и на современный стиль. И готова с динамизмом удовлетворять желания самой требовательной публики. За счёт не только высшего качества "Made in Italy", но и постоянного внимания к стилистическому развитию своих произведений. Чтобы дарить новые и одновременно античные эмоции.

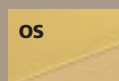

Giannino Cremasco
